CIRO is recognized by all provincial regulators. CIRO is responsible for regulating both investment dealers (IIROC) and mutual fund dealers (MFDA). Investia is a registered mutual fund dealer and is a Member of CIRO. Compensation to Investia – Mutual funds or other investments

When you purchase or hold a mutual fund or another investment product through Investia, Investia may receive a commission at the time of the sale and may also earn an ongoing commission (also known as a trailer fee) for as long as you hold the product. These sales charges and ongoing commissions are paid to Investia by the manager or administrator of the product. If the holding is redeemed within three years of the purchase date, Investia will repay the commission to IA Clarington. This arrangement is disclosed in the Fund Facts document you received at the time you invested in the Series L units.

- percentage of sales commissions and trailer fees received by Investia; and
- approved referral arrangements.

Fee-based accounts

Different products may have differing levels of compensation, and different account types (fee-based and transactional). To avoid duplicate fees being charged in fee-based accounts, products with embedded commissions will be excluded from your assets for the purpose of calculating fees.

Outside activities

At times, our employees, representatives, administrators, managers, associates or staff may participate in outside activities. Before engaging in any outside activity, our policies require these individuals to disclose situations where a conflict of interest may arise and to determine how such conflicts may be addressed. Investia's approval is required prior to engaging in the activity.

Gifts and entertainment

Our representatives, executives and employees are not permitted to accept gifts or entertainment beyond what we consider consistent with reasonable business practices and applicable laws. We set maximum thresholds for permitted gifts and entertainment to avoid any perception that the gifts or entertainment will influence decision-making.

Before engaging in any outside activity, our policies require these individuals to disclose situations where a conflict of interest may arise and to determine how such conflicts may be addressed.

Personal dealings with clients

To address these conflicts, Investia has policies and procedures in place which strictly prohibit personal financial dealings with clients who are not family members.

Referral arrangements

Referral arrangements may exist between Investia and other iA Financial Group members and/or other regulated or non-regulated entities. A referral arrangement happens when a prospective client is referred to or from Investia by a party and that party or Investia may receive a referral fee. The purpose of referrals is to introduce our clients or potential clients to qualified persons who are best suited to help clients achieve their financial objectives. Investia's due diligence of all approved referral arrangements includes consideration to any excessive referral compensation with comparable alternatives and to ensure that fees charged to clients are reasonable when compared to investments offered through Investia. If a referral arrangement is in place, a written disclosure will be provided to you explaining the specific details of the referral arrangement.

Leverage strategies

Borrowing money to invest ("leverage") is not suitable for all investors. Please review the risks and important factors outlined in the Relationship Disclosure Information Document prior to implementing a leverage strategy and discuss with your Representative whether or not it is appropriate for you. Given that the leveraged purchase of mutual funds may provide a financial incentive to the Representative, we address the potential conflicts inherent in the proposed leverage strategy by ensuring that the Representative complies with Investia's leveraging policy and we review all leveraged investments to ensure that it is suitable for the client and in their best interest.

6- PRODUCTS AND SERVICES OFFERED BY INVESTIA

Investia is a mutual fund dealer that provides mutual funds offered via a prospectus as well as principal protected notes, guaranteed investment certificates ("GICs"), alternative mutual funds ("ALTs") and exchanged traded funds ("ETFs"). In addition, Investia provides non-prospectus qualified mutual funds which can be hedge funds and pooled funds. Investia is also an exempt market dealer that provides exempt market securities offered via an offering memorandum, such as limited partnerships.

Fee-based accounts are also available to clients that are interested in this type of service offering. In fee-based investment accounts, the Representative will charge an account fee for advice, access and service. This fee is disclosed and arranged up front and is often based on the assets in your account.

7- NATURE OF THE ADVISORY RELATIONSHIP

You (the client) are responsible for making investment decisions but can rely on the advice given by your Representative. In recommending a mutual fund or another investment product to you, it is our responsibility to ensure that the product selected is suitable for your specific investment objectives, your investment needs, your financial position and your risk tolerance you are willing to assume in line with your risk capacity, regardless of the nature or source of compensation that we will receive from the transaction. In order for us to do that, we need accurate and complete details of your financial situation, and if there are changes to your circumstances, you should bring these to our attention. You also have the responsibility to question your Representative and make reasonable efforts to understand the strategies and the products in which you are investing.

8- KNOW YOUR CLIENT (KYC) TERMINOLOGY

Know your client

As part of the account opening process and subsequent servicing of your accounts, it is important to review the various terms with respect to the know-your-client information collected by your Representative. This information will be used to make investment recommendations that are suitable for you as well as to assess ongoing suitability of any existing investments held in your account(s).

Investment knowledge

- **Limited:** You are an investor who has no or very limited investment knowledge or experience. You rely on your Investia Representative for recommendations related to investment products.
- **Moderate:** You are an investor who has reasonable investment knowledge or experience, as well as a fair understanding of a variety of investment product types such as government guaranteed bonds, labour-sponsored funds and various classes of mutual funds. However, you do not necessarily understand the complexities associated with all of the products and you rely on your Investia Representative to assist you in such areas.
- **Extensive:** You are an investor who has extensive investment knowledge or experience, as well as a thorough understanding of a variety of investment product types such as stocks, government guaranteed bonds, exempt market securities, labour-sponsored funds and various classes of mutual funds such as equity funds, balanced funds, asset allocation funds, sector specific funds and specialty funds. You still rely on your Investia Representative to provide guidance with your investment decisions.

Time horizon

Time frame in which you will need to withdraw a substantial portion of the money invested. If you have a very short-term horizon, more conservative investments like GICs or money market funds may be the only suitable option for you.

Risk profile

Your risk profile ("risk profile") is made up of your ability to endure financial loss ("risk capacity") and your willingness to accept risk ("risk tolerance").

Your risk profile for this account must reflect the lower of your agreed upon risk capacity and your risk tolerance.

Risk capacity

Risk capacity is measured in terms of objective factors of your financial situation, including how much this Investia account represents the total of your liquid net worth, your age and your personal and financial circumstances, among other things such as future investment cash flows. Below are categories that your Representative will discuss with you based on your other answers about your personal and financial circumstances that will determine your risk capacity, including your net worth, your income, your liquidity needs, your age and your life stage for this/these account(s):

- **Low:** Your net worth, income, liquidity needs and personal circumstances, including your age and life stage for this/these account(s) indicate that you do not have much flexibility for losses in this/these account(s). This will reduce the potential for greater gains, but your account(s) will be less volatile and more stable.
- **Moderate:** Your net worth, income, liquidity needs and your personal circumstances, including your age and life stage for this/these account(s) indicate that you have some flexibility to withstand losses and accept volatility in this account.
- **High:** Your net worth, income, liquidity needs and personal circumstances, including your age and life stage for this/these account(s) indicate that you can withstand losses and accept volatility in this/these account(s).

Risk tolerance

Risk tolerance documents your willingness and ability to assume risk and should reflect the relative weighting of the types of investments you wish to hold in the account.

- **Low:** You are willing to forego the potential for gains to ensure that losses and volatility in your portfolio are minimal. Examples of products you may choose to invest in: Cash, GICs, money market funds, short-term bonds or instruments where principal is guaranteed.
- **Low to Moderate:** It is important for you that losses and volatility in your portfolio be limited, but you desire growth of your portfolio to keep pace with inflation. Examples of products you may choose to invest in: bond funds, asset allocation funds and balanced funds.
- **Moderate:** You desire a portfolio that has the potential for some growth in value and you are willing to accept the potential for some losses and moderate volatility. Examples of products you may choose to invest in: dividend funds and equity funds.

- **Moderate to High:** You desire above average performance. In doing so, you accept that your portfolio has the increased potential to experience larger losses and higher than average volatility. Examples of products you may choose to invest in: small and mid-cap equity funds or some sector specific funds (such as health care or natural resources funds).
- **High:** You desire the potential for the greatest amount of growth. In doing so, you accept that your portfolio will likely experience significant losses from time to time and have high volatility. Examples of products you may invest in: emerging market equity funds or instruments using alternate strategies.

Asset allocation definition

- **Safety:** This portion of your investment is intended to protect your capital investment. Investments that will satisfy this objective are composed of cash, GICs or money market funds.
- **Fixed Income:** Fixed income funds buy investments that pay a fixed rate of return like government bonds, investment-grade corporate bonds and high-yield corporate bonds. An investor may consider this type of fund for its potential for income generation as these funds generally seek to pay a distribution on a fixed schedule, though the payment amount is not guaranteed, may vary and may be zero.
- **Equities:** When you buy stocks or “equities”, you become a part owner in a business. You may be entitled to vote at the shareholders’ meeting and will receive any profits (in the form of dividends) the company allocates to its shareholders. These profits are called dividends. Examples of mutual funds products you may choose to invest include equity funds. An investor may consider this type of investment fund for its potential for growth and allows for the opportunity to diversify one’s portfolio.

NOTE: Balanced funds are composed of a mix of fixed income and equity assets and may be appropriate for clients with an investment objective allocation between fixed income funds and equity funds.

9- INVESTMENT SUITABILITY ASSESSMENT

Investia is required under securities legislation and as a Member of CRO, any CRO rules to ensure that each recommendation made is suitable for you (the client) in relation to your investment objective(s), risk capacity, risk tolerance, time horizon and other personal circumstances. Additionally, Investia has an obligation to perform a suitability determination on your account(s), whether or not the recommendations are made by your Representative or if you request specific transactions.

Investia will also perform a suitability assessment in the following circumstances:

- When you (the client) transfer assets into an account with Investia;
- When Investia or your Representative becomes aware of a change in your personal information or circumstances that result in changes to your stated risk tolerance, risk capacity, time horizon or investment objective(s) or a significant impact on your stated income or net worth;
- When there is a change in your Representative at Investia.
- When Investia or your Representative becomes aware of a change in investment in your account that could result in the investments in your account not being suitable for you.

10- OUTSIDE ACTIVITIES - LIFE INSURANCE & SEGREGATED FUNDS

If your Representative is registered for the sale of mutual funds and licensed for the sale of life insurance, your Representative may be registered through separate entities for each purpose and as such, you may be dealing with more than one entity depending on the products purchased. Your Representative will provide the name of the entity that the Representative represents when insurance business is conducted.

Although some segregated fund products may be sold to you by your Representative through PPI Management Inc, its affiliated companies, other segregated funds and all other insurance products you have purchased through your Representative may have been sold as an Outside Activity, which are not the responsibility of Investia Financial Services Inc. and or PPI Management Inc.

If you have questions about what products your Representative has sold you through Investia, please contact your Representative or Investia for clarification. All products sold through Investia Financial Services Inc. will be reflected on Investia’s quarterly/annual statements with a separate section for segregated funds displaying PPI’s logo and including information for segregated funds sold by your Representative through PPI.

11- OUTSIDE ACTIVITIES OF YOUR REPRESENTATIVE (NON-MUTUAL FUND RELATED ACTIVITIES)

Your Investia Representative may be involved in an outside activity and/or fee-for-service activities, collectively referred to as “Outside Activities” (“OA”). OAs may include, but are not limited to, advising in or selling life, property, home, auto, casualty, health or disability insurance, advising in or selling any type of mortgage service or mortgage product, as well as estate, tax planning or tax return preparation services. It is important to clarify that any compensation resulting from an OA is solely received by your Representative and does not inure to the benefit of Investia. Accordingly, Investia is neither liable nor responsible for any OA conducted by your Representative, as Investia does not directly supervise OAs, and any advice provided by your Representative with respect to OAs is strictly independent of his or her role as a Representative of Investia.

12- MUTUAL FUND INFORMATION

The mutual fund Fund Facts document is a document from the mutual fund company that explains the important features of the mutual fund(s) that you are buying, including compensation and fees specific to each product, and which must be delivered to you prior to the acceptance of any transaction. Details regarding how applicable fees are calculated and charged to you, as well as your rights of rescission and withdrawal are outlined in the mutual fund Fund Facts document. It is recommended that you read the Fund Facts document carefully and retain it for future reference, together with all other information pertaining to your investment(s), which has been provided to you.

All sums owing under this plan are payable in legal Canadian tender. For mutual funds held in U.S. currency, all sums are payable in legal

U.S. tender. The provisions of each fund company's Fund Facts document shall prevail over this contract.

Group Retirement Savings Plans ("GRSPs") are individual Registered Retirement Savings Plans ("RRSPs") that use payroll deductions for contributions. Investments in GRSPs are selected by the contributing employee. The employer may or may not wish to select the investment for any employer contributions.

13- MUTUAL FUND INFORMATION FEES

The mutual fund Fund Facts document is a document from the mutual fund company that explains the important features of the mutual fund(s) that you are buying, including compensation and fees specific to each product and also restrictions for liquidity or resale, and must be delivered to you prior to the acceptance of any transaction. Compensation for each product may differ depending on the products purchased. The following information summarizes the various forms of compensation available to people who sell mutual funds:

- **Front-end fees:** These are one-time purchase fees representing a percentage of the gross investment that is deducted by the mutual fund company, part of which will be paid to your Representative.
- **Deferred sales charges:** Funds that are sold under the deferred option require no deduction from your investment at the time of purchase. The mutual fund company pays these fees, part of which will be paid to your Representative. If the funds are redeemed within a specified period of time, the mutual fund company may charge a redemption fee. A redemption fee schedule is found in the fund's Fund Facts document.
- **Fee for Service (Fee-Based Accounts):** There are no sales charges when purchasing or selling a fund. Instead, there is an annual client advisory fee paid to your Representative (subject to a prior agreement between the client and the Representative). There are no trailing commissions with these accounts.
- **Trailing commissions/service fees:** Mutual fund companies pay these fees to Investia, provided that Investia clients remain invested in their funds. These fees are included in the annual management fees and expenses, which are charged against the mutual fund on an ongoing basis. How the fees are calculated and charged to you is outlined in greater detail in the Fund Facts document.

Should these investment funds be held in a Registered Retirement Savings Plan ("RRSP"), Registered Retirement Income Fund ("RRIF"), Life Income Fund ("LIF") or other registered tax deferral plans, the trustee of the plan may deduct a "Trustee fee" from the plan.

14- INVESTIA COMPENSATION

When you purchase or hold a mutual fund or another investment product through Investia, Investia may receive a commission at the time of the sale and may also earn an ongoing commission (trailer fees) for as long as you hold the product. Please note that in offering products and services to our clients, account and administrative fees may apply depending on the type of account held (nominee or client name) and administrative tasks completed. For a full listing of account and administrative fees, please request a copy of the Investia Administrative Fee Schedule from your Representative. Also, Investia may receive a referral commission when you are referred to another entity for other products or services; in such circumstances, appropriate disclosure will be provided prior to the referral.

Collection of Client Fee - In return for the administrative costs associated with maintaining my accounts with Investia, I acknowledge and consent to Investia charging a single annual administrative fee for all of my accounts. The amount of the current fee for my accounts is outlined in Investia's Administrative Fee Schedule. A copy of the Schedule is available on Investia's website: Investia Administrative Fee Schedule. Fees are subject to change and may be subject to applicable taxes. I understand that Investia may change the annual administrative fee by providing me with at least 60 days' written notice in advance of the change.

I hereby authorize Investia to collect the annual administrative fee owing or owed to it in respect of my accounts by one or both of the following methods: (i) using any available cash in my accounts to pay the fee, and/or (ii) redeeming a sufficient number of securities of the mutual funds held in my accounts and paying such redemption proceeds directly to Investia. Investia will select the account(s) and/or fund(s) from which to collect the fee by seeking to minimize the impact of any charges and/or taxes to me. To the extent Investia redeems mutual fund securities to pay the fee, I understand that the redemption will be made from the appropriate fund with the highest market value and thereafter from the appropriate fund with the next highest market value, until the full amount of the fee owing or owed has been paid. I understand that redeeming securities from my fund(s) may result in a taxable event. If the administrative fee is collected using available cash or funds in my account(s), I understand that it will reduce the value of my account(s) and result in fewer assets available for future growth.

In the absence of available cash or funds in my account(s), I hereby provide Investia with instructions to collect the administrative fee by debiting my bank account on record with Investia.

15- MUTUAL FUNDS ARE NOT GUARANTEED

Mutual funds, although redeemable on any business day, are not guaranteed and are subject to daily fluctuations in market value. The historical performance of mutual funds is not an indication or guarantee of future performance, and past performance may not be repeated. Although redeemable on any business day, professionally managed investment funds are considered to be long-term investments, as their market value(s) may fluctuate over short periods of time.

16- MUTUAL FUND CLASSIFICATION

Investia has adopted the fund ranking system of the Canadian Investment Funds Standards Committee that categorizes the volatility measurement of certain mutual fund classifications for the purpose of assessing the suitability of mutual funds in client portfolios.

The following table provides a summary of volatility classifications for typical fund types:

Volatility Classification and Typical Fund Types*

- **Low:** Canadian Mortgage, Canadian Short-Term Bond, Canadian Bond, Canadian Money Market and U.S. Money Market;
- **Low to Moderate:** Foreign Bond, High-Yield Bond, Canadian Balanced, Canadian Tactical Asset Allocation, Global Balanced and Asset Allocation;

- **Moderate:** Canadian Dividend, Canadian Equity (Pure), Canadian Equity, Canadian Income Trust, Global Equity, U.S. Equity, International Equity, European Equity;
- **Moderate to High:** Canadian Small Cap, Healthcare, Asia/Pacific Rim Equity, Japanese Equity, Financial Services, U.S. Small and Mid Cap Equity, Natural Resources, Precious Metals;
- **High:** Emerging Markets Equity, Asia Ex-Japan Equity, Latin America Equity, Science & Technology, Real Estate Capital, Alternative Strategies, Specialty/Miscellaneous, Labour-Sponsored Venture Capital.

*These categories come from the Canadian Investment Funds Standards Committee which are used as a guide to determine fund type risk and could change at any time. Also, the specific Fund Facts document determines the funds specific stated risk tolerance. With this information, Investia's Product Review Committee determines the risk associated with each specific fund.

17- BENCHMARKING

You may assess the performance of your investments by comparing them to an investment performance benchmark. Benchmarks show the performance over time of a select group of securities. There are many different benchmarks. When choosing a benchmark, pick one that reflects your investments. For example, the S&P/TSX Composite Index follows the share prices of the largest companies listed on the Toronto Stock Exchange. This index would be a good benchmark for assessing performance of a Canadian equity fund that invests only in large Canadian companies. It would be a poor benchmark if your investments are diversified in other products, sectors or geographic areas. Please speak to your Representative if you have questions about the performance of your portfolio or what benchmark(s) might be appropriate for you.

18- RISK OF BORROWING TO INVEST

Here are some risks and factors that you should consider before borrowing to invest:

Is it Right for You?

- Borrowing money to invest is risky. You should only consider borrowing to invest if:
 - You are comfortable with taking risk;
 - You are comfortable taking on debt to buy investments that may go up or down in value;
 - You are investing for the long term;
 - You have a stable income.
- You should not borrow to invest if:
 - You have a low tolerance for risk;
 - You are investing for a short period of time;
 - You intend to rely on income from the investments to pay living expenses;
 - You intend to rely on income from the investments to repay the loan.

If this income stops or decreases, you may not be able to pay back the loan.

You Can End Up Losing Money

- If the investments go down in value and you have borrowed money, your losses would be larger than had you invested using your own money.
- Whether your investments make money or not, you will still have to pay back the loan plus interest. You may have to sell other assets or use money you had set aside for other purposes to pay back the loan.
- If you used your home as security for the loan, you may lose your home.
- If the investments go up in value, you may still not make enough money to cover the costs of borrowing.

Tax Considerations

- You should not borrow to invest just to receive a tax deduction.
- Interest costs are not always tax deductible. You may not be entitled to a tax deduction and may be reassessed for past deductions.
- You may want to consult a tax professional to determine whether your interest costs will be deductible before borrowing to invest.

Your Representative should discuss with you the risks of borrowing to invest.

19- REFERRAL ARRANGEMENTS

You understand that in certain circumstances your Investia Representative may choose to refer you to a different financial services organization. You understand that your Investia Representative plays no part whatsoever in that relationship, and you should receive a disclosure statement detailing the nature of your relationship with Investia and the referral entity, as well as a statement pertaining to your other account(s).

20- LIMITED AUTHORIZATION FORM

Your Representative has discussed with you and you understand the terms and conditions of the Limited Authorization Form (if applicable), and you understand that you must provide your Representative with investment instructions either in writing, by telephone, fax or email in order for your Representative to trade using the Limited Authorization Form.

21- PROCEDURES REGARDING HANDLING OF CASH, CHEQUES AND FAILED SETTLEMENT

Investia does not accept cash from clients for the purchase of mutual funds or any other investment products or services. All client purchases must be by cheque made payable to: "Investia Financial Services Inc. In Trust." Clients must never make cheques payable to their Representative. Additionally, Representatives must always refuse to accept cash or cheques made payable to themselves. Investia will require the client to pay compensation for any losses suffered by the company in connection with a failed settlement of a purchase of securities of the mutual fund caused by the client.

Should you wish to establish a Systematic Withdrawal Plan, and if cash withdrawals are in excess of net income and capital appreciation of the fund, such withdrawals will result in the encroachment on or possible exhaustion of your original capital invested.

22- ANTI-MONEY LAUNDERING – POLITICALLY EXPOSED PERSONS AND HEADS OF INTERNATIONAL ORGANIZATIONS

In an effort to combat money laundering and terrorist activity financing, the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* and associated regulations require that financial institutions identify **politically exposed persons** (domestic and foreign), **heads of international organizations**, their **family members**, and, in certain situations, their **close associates**.

A politically exposed person or the head of an international organization is a person entrusted with a prominent position that typically comes with the opportunity to influence decisions and the ability to control resources. As a result, the influence and control that these people have put them in a position to impact policy decisions, institutions and rules of procedure in the allocation of resources and finances, which can make them vulnerable to corruption.

What is a politically exposed foreign person ("PEFP")?

A politically exposed foreign person is an individual who holds, or has already held, one of the following positions on behalf of a foreign state:

- Head of state or head of government;
- Member of the executive council of government or member of a legislature;
- Deputy minister or equivalent rank;
- Ambassador or attaché or counsellor of an ambassador;
- Military officer with a rank of general or above;
- President of a state-owned company or a state-owned bank;
- Head of a government agency;
- Judge of a supreme court, constitutional court or other court of last resort; or
- Leader or president of a political party represented in a legislature.

These persons, as well as their family members and close associates, are politically exposed foreign persons, regardless of citizenship, residence status or birth place. Note that the politically exposed foreign person status is permanent.

What is a politically exposed domestic person ("PEDP")?

A politically exposed domestic person is a person who holds, or has held within the last 5 years, one of the following offices or positions in or on behalf of the Canadian federal government, a Canadian provincial government, or a Canadian municipal government:

- Governor General, lieutenant governor or head of government;
- Member of the Senate or House of Commons or member of a legislature;
- Deputy minister or equivalent rank;
- Ambassador or attaché or counsellor of an ambassador;
- Military officer with a rank of general or above;
- President of a corporation that is wholly owned directly by Her Majesty in right of Canada or a province;
- Head of a government agency;
- Judge of an appellate court in a province, the Federal Court of Appeal or the Supreme Court of Canada;
- Leader or president of a political party represented in a legislature; or
- Mayor.

Family members are also considered as politically exposed domestic persons. A politically exposed domestic person ceases to hold his or her status five years after leaving office.

What is the head of an international organization ("HIO")?

The head of an international organization is a person who is either:

- The head of an international organization established by the governments of states; or
- The head of an institution established by an international organization.

When we refer to the head of an international organization or the head of an institution established by an international organization, we are referring to the primary person who leads that organization (for example a president or CEO), as well as their family members. An international organization is an organization set up by the governments of more than one country.

There is no requirement for an institution established by an international organization to operate internationally. It is possible that an institution that has been established by an international organization only operates domestically, or in one jurisdiction.

Once a person is no longer the head of the international organization, or the head of the institution established by an international organization, that person's status will remain as a HIO for a period of five (5) years.

Who is considered to be a family member?

If a person is a politically exposed foreign person, a politically exposed domestic person or the head of an international organization, then certain family members must also be regarded as politically exposed persons or head of international organizations. These family members are:

- Their spouse or common-law partner;
- Their child;
- Their mother or father;
- The mother or father of their spouse or common-law partner; and
- A child of their mother or father (sibling).

Who is considered to be a close associate?

A close associate is a person who is closely associated, for personal or business reasons, with a politically exposed foreign person.

Below are examples of close associates of a politically exposed person:

- A business partner or who beneficially owns or controls a business with a PEPF;
- A person involved in financial transactions with a PEPF;
- A prominent member of the same political party or union as a PEPF;
- A person serving as a member of the same board as a PEPF;
- A person in a romantic relationship with a PEPF;
- A person closely carrying out charitable works with a PEPF.

23- FOREIGN ACCOUNT TAX COMPLIANCE ACT (“FATCA”)

The *Foreign Account Tax Compliance Act* (“FATCA”) is a law which was implemented by the United States Department of Treasury and the United States Internal Revenue Service (“IRS”) to target tax non-compliance by United States taxpayers with foreign (i.e. non-U.S.) accounts.

Following an intergovernmental agreement between Canada and the United States, the Canadian legislation was amended to require Canadian financial institutions to identify financial accounts held by United States individuals and report account information to the Canadian Revenue Agency (“CRA”).

As a result, upon the opening of an account at Investia or KYC Update Form completion, all clients identified as U.S. citizens or U.S. residents for tax purposes are required by law to provide their Taxpayer Identification Number (“TIN”) or their Social Security Number (“SSN”) in order to comply with foreign tax reporting requirements.

The responsibility to determine your tax residency status lies within you and your Representative is not authorized to advise you in this matter.

24- COMMON REPORTING STANDARD (“CRS”)

The Common Reporting Standard («CRS») was developed by the Organization for Economic Cooperation and Development (“OECD”) in an effort to address tax evasion by foreign taxpayers in open accounts held in other jurisdictions. The CRS applies an international reporting model inspired by FATCA conditions and guidelines.

Canadian financial institutions are required to identify individuals and entities whose residence for tax purposes is located outside of Canada and the United States. As a result, any person opening an account at Investia after June 30, 2017 will have to provide their tax residence and Taxpayer Identification Number for each country in which this person is a resident for tax purposes.

The responsibility to determine your tax residency status lies within you and your Representative is not authorized to advise you in this matter.

25- CONTENT AND FREQUENCY OF REPORTING

Investia sends a quarterly statement to clients. Additionally, a monthly statement will be sent to those clients who have trading activity in exempt market products. These statements will be sent to clients by the end of the month following the end of the statement period.

The statement will include at a minimum a summary of portfolio holdings and a summary of trading activity for the specified period.

Clients will also receive Client Transaction Confirmations which are issued by the fund company directly or the trustee that holds the client account. Transaction confirmations will include specific information about the date of the trade, the name and code of the fund, the unit price and balance, as well as the market value.

It is your responsibility to review your statements carefully and to immediately notify us in writing of any errors, omissions or discrepancies, including any transactions you did not authorize. We will assume trades reported on your statement are accurate if you do not contact us within 90 days. This includes transaction confirmations for exchange traded funds and exempt market securities.

26- COST AND COMPENSATION REPORTING

Please note that the Investia Q4 quarterly report issued to clients includes an Annual Performance report and a Cost of Compensation report. The Annual Performance Report includes Rate of Return (“ROR”) information and will report changes in your account (opening/closing values and deposits and withdrawals). It will also include a Personal Rate of return (since inception, past year, 3-5-10 year).

The Cost of Compensation Report includes amounts paid to the dealer for general administration of the account (i.e. annual administrative fees), any amount paid to the dealer for specific transactions (i.e. Front-end “FE” sales commission), amounts received by others (i.e. trailing commissions) and referral fees received. Keep in mind that any investment fund management expense fees, other ongoing fees, operating charges, or transaction charges, including their compounding effect over time can have a potential impact on your investment returns.

27- NOTICE OF CHANGE IN INTEREST PAYMENT POLICY

Effective October 1, 2023, Investia will no longer be paying interest on any balance held in clients' nominee cash control accounts. If you are a client who holds cash in a nominee cash control account, please contact your Representative to discuss available investment options that would be suitable for your needs.

28- BENEFICIARIES

- a) The appointment of a beneficiary shall only apply to registered plans in nominee (self-directed) accounts. Designations made for non-registered plans, as well as designations made in QUEBEC, will not be effective. In some provinces, the beneficiary can be appointed or revoked only through a will. This designation is subject to provincial laws and the rights of your spouse or common-law partner may take precedence. CAUTION: Your designation of a beneficiary by means of a designation form will not be revoked or changed automatically by any future marriage or divorce. Should you wish to change your beneficiary in the event of a future marriage or divorce, you will have to do so by means of a new designation. If there is no designated beneficiary at the time of death, the money will be paid to your estate. You take sole responsibility for ensuring this designation is valid and changed when appropriate. Investia is not liable for the validity of this designation. For client-name accounts: In case of any discrepancy, a beneficiary designation made in fund company documents will supersede any designation or mention in Investia documents, and Investia is not liable for the validity of the designation in the fund company documents.
- b) Beneficiary for a Tax-Free Savings Account ("TFSA"): The appointment of a beneficiary is only applicable in provinces where the designation is allowed by the law.

29- ELECTRONIC DELIVERY OF DOCUMENTS

If you have provided your consent to the electronic delivery of documents, the electronic delivery of documents and/or types of documents such as, but without being limited to, mutual fund periodic updates, annual or semi-annual reports, educational material, portfolio summaries (excluding official statements), administrative forms pertaining to your account(s) and transaction data, that your Representative elects to deliver to you electronically, will be in accordance with the conditions set out below:

- My Representative may email any such documents to the email address set out in the New Client Application Form. No separate notice of delivery is required, although my Representative may request acknowledgement, in the form of a 'read receipt', that I have received and reviewed such documents. I agree to notify my Representative of any change in my email address without unreasonable delay.
- I agree to maintain a current email account on a system with sufficient capacity to retrieve and review messages from my Representative, including large documents or attachments.
- I understand that there are risks associated with sending and/or receiving personal/sensitive information by email.
- I understand that, in addition to a current version of email and Internet browser software, current versions of standard desktop software such as Microsoft Word, Excel or Adobe Reader will be required to view documents. It is my responsibility to keep all my computer programs up-to-date.
- I understand that, upon my notification and request, my Representative will provide a paper copy of any documents delivered electronically if electronic delivery fails.
- I understand that documents posted on my Dealer's website(s) are subject to revision and removal without notice and that, if I wish to retain a copy for my personal records, I will need to save a copy to my local drive immediately and make regular, periodic backups of my local data to prevent loss due to hardware, software or communications failure.
- I will take reasonable measures to ensure that the privacy and confidentiality of documents are maintained and I will not forward documents received from my Representative to any third party without my Representative's prior consent. This undertaking does not apply to documents of a purely promotional or marketing nature.
- I understand that my consent may be revoked or changed, including any change in the electronic mail address to which documents are delivered, at any time by notifying my Representative.

If you wish to consent to the electronic delivery of Dealer Statements and other documents, you will need to provide your acknowledgement and consent through Investia's secure Client Portal, available from the following address: <https://client.investia.ca>.

30- DESIGNATING A TRUSTED CONTACT PERSON (TCP)

A trusted contact is a person you authorize your Representative to contact in limited circumstances, for example, if there is a concern about activity in your account and they have been unable to get in touch with you. A trusted contact may be a family member, attorney, accountant or another third party whom you believe would respect your privacy and know how to handle the responsibility.

In accordance with applicable securities laws, each individual client of Investia regardless of age, will be asked by their Representative to designate a Trusted Contact Person ("TCP"). This is required in order for Investia to comply with its regulatory obligation to take reasonable steps to obtain the name and contact information of a client's trusted contact person as well as the client's written consent for Investia and its Representatives to contact the TCP in prescribed circumstances. While we would strongly encourage you to appoint a TCP, you can choose to refuse to provide us with a designated TCP.

Why appoint a TCP and when will Investia contact them?

We cannot share private information about you without your permission. By making this appointment, you allow Investia to contact and share information with TCP (or your alternate TCP if we are unable to contact your primary TCP) in the following circumstances:

- we are concerned about your mental capacity as it relates to financial decision making;
- we need to know or confirm the identity and contact information of your legal representative (if any);

- we need to confirm your current contact information; or
- we are concerned that you might be subject to financial exploitation, which could include fraud, coercion or unauthorized transactions. Investia is not obligated in any circumstance to contact your TCP. Your TCP has no authority to instruct Investia unless he or she is also your legal representative – that is, unless the TCP is also your guardian or attorney for property.

Who should I designate as my TCP?

You should designate someone whom you trust, is mature and has the ability to communicate and engage with us in conversations about your personal circumstances if we call them in the circumstances described above. We encourage you to select an individual who is not involved in making decisions about your Account(s) (i.e., someone who is not already your legal representative).

What if I choose not to designate a TCP?

You are not obligated to designate a TCP. In making your decision, please consider that the purpose of the TCP is to allow us to release confidential information to someone you have selected if we have concerns about your welfare. Without your permission, if a situation arises where Investia has concerns about your welfare, we will not have the option of trying to resolve these concerns by communicating them to the TCP. In the worst case, this could lead to a situation where Investia is obligated to stop or refuse transactions in, or place a hold on, your Account(s) while we take the steps necessary to meet and address our concerns.

Can I change my mind?

If you want to replace your TCP and appoint a new one, please contact your Representative to update your file to allow you to identify your new TCP. By designating a new TCP, you will revoke all prior designations. We will rely on the most recent appointment in our files.

31- CONDITIONS FOR A TEMPORARY HOLD

Temporary holds can be used by firms when there is a reasonable belief of financial exploitation of a vulnerable client, or a lack of mental capacity of a client to make decisions involving their personal financial matters. A “vulnerable client” is a client who might have an illness, impairment, disability or aging process limitation that places the client at risk of financial exploitation. There may be other circumstances under which a temporary hold can be placed on an account.

In order to meet the required conditions to apply a temporary hold, Investia must reasonably believe all of the following:

- The client is a vulnerable client;
- Financial exploitation of the client has occurred, is occurring, has been attempted or will be attempted.

The temporary hold provision will apply to holds that are placed on the purchase and sale of a security on behalf of a client, and on the withdrawal or transfer of cash and securities from a client’s account on the basis of a reasonable belief that the client does not have the mental capacity to make decisions involving financial matters. It is not limited to situations where there are cases of financial exploitation.

The temporary hold is a mechanism allowed to be used by the dealer based on industry regulation. Under no circumstances can Investia be held liable where a temporary hold is either placed on an account or based on circumstances, not placed on an account.

In the event a temporary hold is placed on your account(s) or transaction(s), we will provide you with verbal or written notice of the temporary hold and the reasons for placing the temporary hold. Within 30 days of placing a temporary hold, and until the hold is revoked, within every subsequent 30-day period, we will either:

- revoke the temporary hold; or
- provide you with notice of our decision to continue the hold and the reasons for that decision.

You acknowledge that Investia may place a temporary hold on your account(s) or transaction(s). You agree that Investia is not liable for any losses, liabilities, expenses, prejudice or damages of any kind that result directly or indirectly, from the placement of a temporary hold.

32- COMPLAINT HANDLING PROCEDURES

Investia has procedures in place to handle any written or verbal complaints received from clients in a fair and prompt manner. This is a summary of those procedures, which we provide to new clients, clients who have filed a complaint and is also available for review on our website at www.investia.ca.

The Client Complaint Information Form

The Client Complaint Information Form (“CCIF”) provides general information about options available to clients for making a complaint. The CCIF can be found below and it is also available as a standalone document to provide to clients at the time of complaint.

How to File a Complaint with Investia

Clients wishing to file a complaint with Investia may make their complaint to Investia’s Head Office by contacting the Assistant Chief Compliance Officer – Complaints or to any Branch Manager or Investia Representative. All complaints are forwarded to qualified compliance or supervisory personnel to be handled. We encourage clients to make their complaint in writing or by email where possible. Where clients have difficulty putting their complaint in writing, they should advise us so that we can provide assistance. For confidentiality reasons, we will only deal with the client or another individual who has the client’s express written authorization to deal with us.

Complaint Handling Procedures

We will acknowledge receipt of complaints promptly, generally within five days. We review all complaints fairly, taking into account all relevant documents and statements obtained from the client, our records, our Representatives, other staff members and any other relevant source. Once our review is complete we provide clients with our response, which will be in writing if the complaint was made in writing. Our response may be an offer to resolve your complaint, a denial of the complaint with reasons or another appropriate response. Where the complaint relates to certain serious allegations¹, our initial acknowledgement will include copies of this summary and the CCIF. Our response will summarize your complaint, our findings and will contain a reminder about your options with the Ombudsman for Banking Services and Investments ("OBSI").

We will generally provide our response within ninety days, unless we are waiting for additional information from you, or the case is novel or very complicated.

We will respond to communications you send us after the date of our response to the extent necessary to implement a resolution or to address any new issues or information you provide.

Settlements

If we offer you a financial settlement, we may ask you to sign a release and waiver for legal reasons.

33- CLIENT COMPLAINT INFORMATION

Clients of a mutual fund dealer who are not satisfied with a financial product or service have a right to make a complaint and to seek resolution of the problem. CIRO Member dealers have a responsibility to their clients to ensure that all complaints are dealt with fairly and promptly. If you have a complaint, these are some of the steps you can take:

- Your complaint should first be explained to your Representative. The person who sold you the product or service will solve most problems quickly.
- Contact your mutual fund dealer. Member firms are responsible to you, the investor, for monitoring the actions of their representatives to ensure that they are in compliance with by-laws, rules and policies governing their activities. The firm will investigate any complaint that you initiate and respond back to you with the results of their investigation within the time period expected of a Member acting diligently in the circumstances, in most cases within three months of receipt of the complaint. It is helpful if your complaint is in writing.
- Contact the Canadian Investment Regulatory Organization ("CIRO"), which is the self-regulatory organization in Canada to which your mutual fund dealer belongs. The CIRO investigates complaints about mutual fund dealers and their representatives, and takes enforcement action where appropriate. You may make a complaint to CIRO at any time, whether or not you have complained to your mutual fund dealer. CIRO can be contacted:
 - By completing the on-line complaint form at www.ciro.ca
 - By telephone at 1-877-442-4322
 - By email at info@ciro.ca²
 - In writing by mail to 40 Temperance Street, Suite 2600, Toronto, ON, M5H 0B4 or by fax at 1-888-497-6172

Compensation:

CIRO does not order compensation or restitution to clients of Members. It exists to regulate the operations, standards of practice and business conduct of its Members and their representatives with a mandate to enhance investor protection and strengthen public confidence in the Canadian mutual fund industry. If you are seeking compensation, you may consider the following:

- Ombudsman for Banking Services and Investments ("OBSI"): You may make a complaint to OBSI after you have complained to the dealer, at either of the following times:
 - If the dealer's Compliance Department has not responded to your complaint within 90 days of the date you complained, or;
 - After the dealer's Compliance Department has responded to your complaint and you are not satisfied with the response.**Please note that you have 180 calendar days to bring your complaint to OBSI after receiving the dealer's response.**
- OBSI provides an independent and impartial process for the investigation and resolution of complaints about the provision of financial services to clients. OBSI can make a non-binding recommendation that your firm compensate you (up to \$350,000) if it determines that you have been treated unfairly, taking into account the criteria of good financial services and business practice, relevant codes of practice or conduct, industry regulation and the law. The OBSI process is free of charge and is confidential. OBSI can be contacted:
 - By telephone in Toronto at (416) 287-2877, or toll free at 1-888-451-4519
 - By email at ombudsman@obsi.ca
- Legal Assistance: You may consider retaining a lawyer to assist with the complaint. You should be aware that there are legal time limits for taking civil action. A lawyer can advise you of your options and recourses. Once the applicable limitation period expires, you may lose rights to pursue some claims.
- Manitoba, New Brunswick and Saskatchewan: Securities regulatory authorities in these provinces have the power to, in appropriate cases, order that a person or company that has contravened securities laws in their province pay compensation to a claimant. The claimant is then able to enforce such an order as if it were a judgment of the superior court in that province. For more information, please visit:

(hereinafter called the «Trustee») through a Representative duly authorized to sign on its behalf, hereby accepts the mandate of trustee which requires it to act on behalf of Annuitant to a Retirement Savings Plan of Investia Financial Services Inc. (hereinafter called the «Plan»). The Trustee agrees that Investia Financial Services Inc. shall act as agent in performing certain administrative tasks in respect of the Plan and can submit lists of contracts in applying for registration.

The Trustee shall hold these Contributions in order to individually identify them with each Annuitant. The Annuitant and the contributor spouse, if any, are solely responsible for ensuring that such Contributions are within the limits prescribed by the tax laws as well as determine the taxation years for which such Contributions can be deducted for needs of the income tax.
